

Dear Members,

I am writing to advise that CPISRA has published Version 11 of its Classification Rules and Sports Profiles. These are available on the CPISRA website.

Version 11 is effective as at today's date, and will be implemented at the forthcoming CPISRA International Football 7-a-side Championships 2009, which will take place in Arnhem this October. It supersedes Version 10.

Version 11 has been prepared with two primary aims –

- To ensure compliance with the IPC Classification Code; and
- To make the Rules and Sports Profiles as clear as possible

This has not involved any significant change to either the Rules or the Sport Profiles, although both the Rules and the Sport Profiles have been amended.

**I would urge all teams to ensure that they are familiar with Version 11.**

**Please let me know if you have any comments, questions or observations regarding Version 11.**

CPISRA has also published a new "Protest Guide" which we hope will be helpful. This is also on the website.

Yours,

Alan Dickson  
President CPISRA
